

# Dragica Pecik

linkedin.com/in/dragicapecik · github.com/dragicapecik · Zagreb, Croatia

Full-stack .NET engineer with 10+ years of experience building business-critical web applications. Currently leading development at InfoDom; side projects span Android and web tooling.

## CERTIFICATIONS

MCSD: App Builder (2019) · MCSA: Web Applications (2018) · PCEP – Python Programmer (2024)

## WORK EXPERIENCE

**InfoDom Ltd.** *Software Engineer · Zagreb* Jul 2019 – Present

- Led development of a production .NET / AngularJS web application through a team transition period, serving core business workflows
- Contributed to Azure DevOps CI/CD pipeline rollout, standing up a test instance — improved release reliability and reduced deployment cycle time
- Author technical documentation; coordinate cross-team task planning and QA reporting

**KING ICT** *Software Engineer · Zagreb* Jun 2018 – May 2019

- Migrated 30+ legacy projects from TFS to Git, refactoring namespaces with ReSharper across the full solution
- Updated SQL Server scripts and SSRS report queries to meet evolving business reporting requirements
- Reconfigured all test deployments to a new environment with dynamic connectivity

**Proteron Consulting** *Software Engineer · Zagreb* Sep 2015 – Jun 2018

- Built and deployed .NET Azure web applications using Entity Framework, AngularJS, and Angular 4
- Managed deployments and led client communications to ensure on-time, on-spec delivery

**Siemens** *Software Engineering Intern · Split* May – Jul 2015

- Developed an application as part of Master's academic dissertation project

## PROJECTS

**BuroSafari** .NET 8 · Blazor Server

Company formation wizard with multi-jurisdiction support and a guided onboarding/recommendation flow. Free tool targeting CEE startup founders.
