EDUCATION

FESB – Faculty of Electrical Engineering, Mechanical Engineering & Naval Architecture

2010 – 2015

M.Sc., Electronics and Computer Engineering · B.Sc., Electrical Engineering and Information Technology

WORK EXPERIENCE

InfoDom Ltd.

Jul 2019 – Present

Software Engineer · Zagreb

- Lead development of a production .NET / AngularJS web application serving core business workflows
- Own Azure DevOps CI/CD pipelines — improved release reliability and cut deployment cycle time
- Author technical documentation; coordinate cross-team task planning and QA reporting

KING ICT

Jun 2018 – May 2019

Software Engineer · Zagreb

- Migrated 30+ legacy projects from TFS to Git, refactoring namespaces with ReSharper across the full solution
- Updated SQL Server scripts and SSRS report queries to meet evolving business reporting requirements
- Reconfigured all test deployments to a new environment with dynamic connectivity

Proteron Consulting

Sep 2015 – Jun 2018

Software Engineer · Zagreb

- Built and deployed .NET Azure web applications using Entity Framework, AngularJS, and Angular 4
- Managed deployments and led client communications to ensure on-time, on-spec delivery

Siemens

May – Jul 2015

Software Engineering Intern · Split

PROJECTS

BuroSafari – .NET 8 Blazor Server

Company formation wizard with multi-jurisdiction support and guided onboarding/recommendation flow. Free exposure tool targeting CEE startup founders.

URLShortener / LSM Engine – .NET 8 + Svelte

URL shortening service with a hand-built LSM storage engine: WAL, MemTable, SSTables, compaction, global Bloom filter, and LRU cache. Base62 encoding.
